AGENDA ITEM E: Revising our Action Plan

COMMENTS/ DISCUSSION	We will want to think about the purpose of LATF. What do we need to do as a team? What do we need to do institutionally? What is the committee's charge?

AGENDA ITEM F: Roundtable

COMMENTS/ DISCUSSION	Teaching and Learning Funds: Does LATF have thoughts about Teaching and Learning 2.0? We want to capture effective practices. Even providing food helped to get people together and triggered discussion. This is a good use of funds. The Teaching and Learning Program helps new faculty. We may also want to launch a campaign so students will know and understand our SLOs. The Professional Development Committee is looking at effective programs around the state. We also want to develop a Teaching and Learning Center on campus. What would this look like? Mesa will pull a group together to help us frame this.
