## SEEDS NEWSLETTER

JANUARY 2018

### Welcoming Spring Semester 2018!

Welcome back and Happy New Year SEEDS family! We hope everyone had a well deserved and relaxing winter break and are now ready to take on another semester to learn and grow! We are excited for what this semester has in store for all!

### Upcoming Events

- Planting for Nature: 02-03-18
- Mesa Scholarship: 02-20-18
- Mount Laguna: 04-06-18

On Saturday, January 20th, three of our SEEDS scholars Claudia Nieto, Flavia DePlachett and Tahmina Habibzada, volunteered in Imperial Beach at a clean-up event. Sponsored by Living Coast Discovery Center's Team for clean-up in partnership with USF&W Service. They cleaned up the area along, and the streets around the San Diego Bay. SEEDS Scholar Flavia says, "It was a great experience to get involved in the community to clean our local shores. There is an unbelievable amount of cigarette butts that are disposed of on the street and that eventually end up at the Bay when the rain comes and washes them down." The next meeting will happen on February 3rd at 8 AM on 13th street in Imperial Beach. Please contact Claudia Nieto at [cnieto@sdccd.edu](mailto:cnieto@sdccd.edu), if you would like to join us next time!
