

April 1, 2007

Dear CIAC Colleagues:

Chico State University's 2007-09 catalog has been published and a copy will be mailed to you by the end of this semester. If you would like a preview of our catalog, it is available online at <http://www.csuchico.edu/catalog/cat07/>. Please use this URL to reference the AP Equivalency Chart (under Academic Advising Programs). Unfortunately, the hard copy catalog contains errors in this chart; the online version of the chart is correct.

Please note that Chico has two new majors (pending final CSU Chancellor's Office approval): Concrete Industry Management and Biochemistry. Requirements for these majors can be found in the online catalog cited above, or interested students may contact our Concrete Industry Management Department at cim@csuchico.edu or our Department of Chemistry at chem@csuchico.edu for more information.

Attached is information on curricular changes to Chico State's lower division course offerings, arranged by category. Many of our new courses reflect an increased interest at Chico State in "Sustainability and the Environment."

I will be rolling over our 2005-07 articulation agreements in ASSIST beginning in May. If you have any questions, please contact me.

Sincerely,

Kathryn T. Barth
Articulation Officer
CSU, Chico
Chico, CA 95929-0713
