Diversity of Human Experience ("D" courses)

Freshmen and transfer students entering Fall 2006 and later are required to fulfill the new Core Curriculum listed on this articulation agreement. Furthermore, meet the Diversity requirement by taking one course. Courses that fulfill the Diversity and the Core Curriculum requirement are identified on the articulation agreement (number with a "D"). In some cases, both requirements can be fulfilled by the same course.

* Third semester competency in a second language is required for students seeking the bachelor's degree. Students may demonstrate competency either by successfully completing a third semester course in a second language or by passing the USD competency examination at that level.

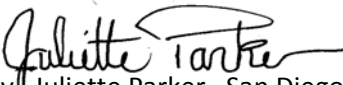

'Lab' designates a laboratory course

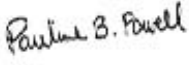

Students who are intending to be Liberal Studies majors upon transferring to USD should contact the Liberal Studies office at 619-260-2913 to discuss the specific Core requirements for this major.

All courses transferred to USD are transferred for unit credit only and are not calculated into the GPA.
