spend it on yourself,
your family or your friends...
How would you use it?

The San Diego Mesa College
Pay It Forward Grant is designed to give
students the opportunity to do something
for someone (self, family and friends excluded)
with the expectation that the act not be
returned; rather that it be paid forward -
spreading unconditional acts of kindness
in San Diego and beyond!

How can money help
spark an idea for you to
Pay it Forward?
