Resolutions to be discussed as "Old Business" at the November 18, 1996 Academic Senate Meeting

Use of Flex Days Resolution #96.11.1

Whereas, in recent years the District Administration has scheduled activities that conflict with flex activities, and these activities are scheduled after the sites have submitted their flex plans to the state.

Whereas, these District activities do not appear to be appropriate use of flex time as described in the "Guidelines for the Flexible Calendar Program" and the decision to schedule them as flex activities did not go through shared governance.

Whereas the District has again announced the scheduling of a singular district-wide activity on January 24, 1997 during flex days.

Be it resolved that the Mesa Senate is opposed to the continued usurpation of the intent of AB1725, the violation of the "Guidelines for the Flexible Calendar Program," and the abuse of the spirit of shared governance and consultation process by the scheduling of the district-wide January 24, 1997 activity.
