

Resolution 18.4.2 - Resolution for Increasing the Number of Contract Faculty: (Perigo)

1st Reading: April 9, 2018

Mover: Sykes

Seconded: Parsons

Whereas, AB 1725 states: "...at least 75 percent of the hours of credit instruction in the California Community Colleges, as a system, should be taught by full-time instructors [contract faculty]," recognizing that student success is highly dependent on having more opportunity for contact, mentoring and engagement when they have access to faculty outside of the classroom and during office hours;

Whereas, the success of students is highly dependent on having sufficient faculty to participate not only in student learning and assessment but also outside of the classroom in governance and governance assessment, accreditation, institutional planning, resource development and allocation, development and maintenance of curriculum, equipment and facilities, advisory processes and other community and industry partnerships, grants and other state sponsored efforts, and processes for matriculation and articulation between our academic sector partners, as reflected in ACCJC eligibility requirements 14, 15 and 17 and most of the Accreditation Standards;

Whereas, increased accountability reporting requirements by the state and by accreditation bodies have exponentially increased the workload of departments;

Resolved, that the Academic Senate of San Diego Mesa College urges the increase of funding for the hiring of faculty in full-time positions with a line item for this funding in the state budget.
