## **What does your department do?**

Our office oversees the federally funded HSI Grant programs that assist with strengthening institutional programs, facilities, and services to improve Mesa College's retention and graduation rates of its diverse population, particularly Latinx students.

## **What do you do?**

I provide technical administrative support for the HSI Grant Administrative Office.

## **Common issues you help students/staff with?**

Because our office acts as a liaison between the HSI Grant Administration and other departments, we often receive proposals from various departments that we examine how we can best assist them to achieve their goals within the grant objectives.

## **What do you like best about your job?**

I enjoy working with a diverse group of people and building strong relationships to help them achieve their goals.

## **Fun Facts:**

I have three cats who understand and "almost" speak Japanese. 😊
