## ***What does your department do?***

Our department provides academic accommodations for students with disabilities.

## ***What do you do?***

I process all student applications, correspondence, schedule appointments, and provide any additional support that perspective, new, or current DSPS students may need. I also manage the department's social media and am heavily involved in any programming that the department participates in.

## ***Common issues you help students/staff with?***

Students mainly come to me when they are applying for services in our department.

## ***What do you like best about your job?***

I really enjoy the student services community as a whole. Everyone is always there for one another.

**Fun Facts:** Favorite food is sushi, I am the go-to for baby shower planning and décor, and I am obsessed with my hair (when it is tied up in a turban, it is either deep conditioning day or I did not have enough time to get ready)
