

WHY LATINX?

Latinx is a gender-neutral term that is inclusive of folks who are non-binary or those who do not use the pronouns she/her and he/him.

PRONOUNS IN ESPAÑOL

Many bilingual and multilingual folks are adding their pronouns in Spanish in addition to their pronouns in English. For example “she/her/ella”, “he/him/él”, “they/them/elle”.

HISPANIC VS. LATINO/A/X

“Hispanic refers to people who speak Spanish or who are descendants of those from Spanish-speaking countries”

“Latino refers to geography: specifically, people from Latin America including Central America, South America, and the Caribbean.”
