Program Review

Summary and Reflections with Unit Goals, Action Plans, and Updates

Leadership - Dean, Arts and Languages Office

Executive Summary

Describe the successes and challenges your unit has faced since the last comprehensive review.

The primary successes and challenges have been a direct result of the pandemic.

Successes include:

- an impressive response to converting performance-based classes to remote formats and achieving the outcomes
- creative solutions for instructional roadblocks during the transition
- a collaborative approach within the school and campus to respond to an incredibly challenging situation
- the (forced) impetus to think outside of the box when it comes to serving students which was healthy and spawned innovation

The challenges include:

- after returning to campus, many employees expressed feelings of exhaustion, burn out, and mental fragility
- many people indicated a desire to remain wholly or partially remote and as a result they have different expectations regarding how our workplace should operate
- the previously spawned innovation has been controversial and divisive in some areas

While I am excited by the successes, managing and supporting employees in my school has become more difficult as a result of these challenges.

If applicable, describe any major curricular or service changes your unit has engaged in and the impact of those changes since the last comprehensive review.

In order to align with the campus remote policy and respond to the desire of our classified support staff, we have implemented an ad hoc 1 day per week agreement for remote work. Staff are glad to have this opportunity but have expressed frustration that it's limited to one day per week. We are fortunate to have two schools located in our space, so we have been able to maintain the same levels of f2f coverage in the office.

When appropriate, faculty/staff meetings are offered remotely in order to increase flexibility for attendance. This appears to help with morale and in some cases seems to increase attendance.

There have been changes to the ratios of different instructional modalities that we offer, and we are still working to find the correct ratios to meet student needs. This is a key part of our enrollment management strategies and one that will continue to impact our scheduling decisions for at least the near future.

If applicable, describe the impact of any new resources (human, fiscal, etc) on the unit and/or action plan implementation.

CARES/HEERF funds have been instrumental in the ability to remain flexible with instructional delivery and support for student learning. Labs and classrooms have been updated, supplies & equipment have been provided to students, and faculty have engaged in professional development and implemented resources to improve online and remote instructional practices.

If you assess OUTCOMES, please confirm that the outcomes have been reviewed for accuracy. If you do not assess Outcomes, skip this question.

Data Reflection

Trends observed in program/service area's data.

Enrollment – Enrollment has not returned to pre-covid levels, but it has increased significantly over the last year. Spring 2020 enrollment was 4,676, and Spring 2023 is 4,187. Enrollment dropped to the lowest level of 3,336 in spring 2022. FTEF and FTES levels paralleled the enrollment patterns, although interestingly the productivity level was at its highest (14.29) in spring 2021.

School Success Rates from sp/fa 2019-2023 – 74.2% which is slightly higher than the college rate of 72.6%. An equity gap of 13.6% exists during this time period for Black/African American students and 6.6% for Latinx students.

Course success rates for the school align fairly closely with the college with the exception of the 20-21 school year when the SAL rate of 76% increased and exceeded the college. Interestingly, this is the school year that was most significantly impacted by the pandemic and instruction was almost solely provided remotely.

Faculty have indicated a concern that “cheating” was the primary contributor to this increase in success, but I dissuade this generalization and encourage discussions that consider additional reasons (fewer distractions, increased tech support, increased learning support, increased instructor flexibility, etc.)

Describe any equity gaps in the data. Are there differences and/or patterns observed by demographics (e.g.race/ethnicity, gender, age, etc.)

Equity gaps for success and retention exist in all departments from our school and exist for Black/African Americans (12.4%) and Latinx(5.8%) for the school as a whole. Interestingly, we also show equity gaps for males (4.3%) and non-binary students (12.8%) that are larger than the overall campus gaps for these populations. The gaps within our school that exceed the college gaps confirm the need for a continued goal and commitment to equity.

Describe the discussion(s) that took place about the unit's learning outcomes assessment data.

I shared with the Chairs the outcomes of the survey that was conducted with all faculty and classified professionals to assess progress toward the Administrative Unit Outcomes.

Summary and Reflection

Practice Reflection

Describe current practices your program/service area has engaged in that you believe impact the above data trends and equity gaps.

The School of Arts and Languages implemented a Call to Action for the 2022-23 school year. The impetus for the Call were the apparent equity gaps in our school/college, the values and goals of the college, and the AUOs. The Call is designed to bring a focus on equity into our disciplines and customize the work to our content and students. Networking workshops and faculty leaders have been employed to lead the work amongst the faculty in the school.

The feedback collected is primarily qualitative and indicates that changes to practice made differences with their students in ways such as there being a stronger sense of community in the classroom, stronger knowledge of the resources that are available, etc. If continued, this project will go further to take a look at the quantitative data and measure whether there's been progress toward narrowing the gaps.

What other factors (internal or external) might also impact the above data trends and equity gaps?

In all departments within my school there have been significant retirements without replacements. The departmental workload for contract faculty has increased and they have expressed feelings of burnout which are in turn tied to a decrease in the enthusiasm and involvement with the Call to Action equity work. Based on the feedback from Chairs, it is my hope to develop Phase III in a way that will be simpler to implement yet still impactful.

Summary and Reflection

Enrollment Management Plan

Unit Goal: The School of Arts and Language will implement Mesa’s Enrollment Management Plan in order to provide an accessible and comprehensive schedule that allows students to achieve their educational goals in a timely manner and demonstrates a responsible use of resources.

Goal Status: Active

Beginning Year: 2022 - 2023

Projected Completion Year: 2025 - 2026

Mapping

Mesa College Strategic Plan: Roadmap to Mesa2030: (X - Highlight the X to Align)

- Completion - Objective 1: X
- Stewardship - Objective 3: X

Action Plans	Action Plan Update
<p>Action Plan Status: Active</p> <p>Action Plan: Goal 1 Action Plan List:</p> <ol style="list-style-type: none"> 1. Review Enrollment Management Plan with Chairs at first fall '23 Leadership Team meeting 2. Include Enrollment Management as standing item on all Leadership Team agendas and engage in regular discussions regarding schedule building, scheduling practices, variables to consider, etc. 3. Build a schedule that allows students to complete degrees and certs within a 2-year time frame and that demonstrates a 2% increase in efficiency. 4. Establish efficiency targets for each department within school. <p>Action Plan Cycle: 2022 - 2023, 2023 - 2024, 2024 - 2025</p>	<p>Submission Date: 01/16/2024</p> <p>Action Plan Update: This goal and action plan are ongoing. The general plan was reviewed with Chairs and Enrollment Management has been a standing item on our Leadership Team agendas since the action was determined. Efficiency targets were set for each school. Not all achieved a 2% increase but overall, the school improved efficiency in the fall 23 semester. (Fall 22 - 12.27, Fall 23 - 13.12, a .92% increase).</p> <p>Update Year: 2024 - 2025</p> <p>Action Plan Progress: On Track</p>
