Appendix

Definitions of terms used on this report.

Adjunct Headcount: Unduplicated adjunct faculty headcount for the academic year, based on the first faculty of record for each section.

Capacity: The maximum number of students allowed to enroll in a course section.

Capacity Adjusted: The total number of seats available in sections with at least one enrolled student. Only sections with a Class Status of "Active" are included.

Contract Headcount: Unduplicated contract faculty headcount for the academic year, based on the first faculty of record for each section.

Enrollment: The number of seats filled (duplicated headcount). Drops and tutoring courses are excluded.

Faculty Total Headcount: Unduplicated faculty headcount for the academic year across all faculty statuses, including Contract, Adjunct, and Pro Rata, based on the first faculty of record for each section.

Fill Rate: Enrollment divided by adjusted capacity.

FTEF: The total full-time equivalent faculty assigned to the section.

FTES: Full-time equivalent students enrolled. Approved repeats, non-residents, non-state-supported sections, apprenticeship sections, and contract sections are excluded.

Productivity(FTES/FTEF): The ratio of full-time equivalent students (FTES) to full-time equivalent faculty (FTEF).

Section Count: The number of course sections offered. LCOM, EXAM, CBE, tutoring, and sections with a capacity of zero are excluded.

Subject: Identifies the subject area of the course.
