## COMS 135

### Interpersonal Communication for **Allied Health Students**

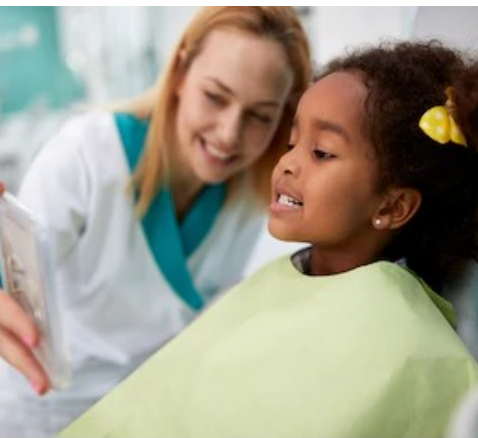

Register for Fall 2021  
Course # 70520  
T, TH • 8 - 9:25am

**UC & CSU Transferable  
General Education and  
Allied Health Transfer  
Requirement Course**

- + A special section of the Communication Studies Department Interpersonal Communication Course is being offered with a dedicated focus for students preparing to enter careers in healthcare and veterinarian medicine.
- + Effective Interpersonal Communication in patient-provider relationships has a direct impact on patient health. The way in which healthcare professionals interact with one another also affects patients.
- + This course will provide students with fundamental Interpersonal Communication skills to communicate effectively as professionals in the healthcare and veterinarian fields.

Department of Communication Studies  
Special Course Section!
