

SAN DIEGO MESA COLLEGE  
STEM Conexiones

**MATH150 Peer Mentor**  
**Ramtin Tajbakhsh**

---

Hi everyone!

My name is Ramtin and I'm currently a student at San Diego Mesa College majoring in Computer Science.

I will be transferring to a 4-year university (UCSD or UCB hopefully) in Fall 2023 If everything goes according to plan.

Peer Mentoring is going to be my first on-campus involvement and I'm really excited about it.

I also work at Mathnasium of Santee and help mostly little kids with their math homework. two fun facts about me are that I'm a Hufflepuff and I can juggle =)
