

SAN DIEGO MESA COLLEGE

Equity, Excellence, Éxito

PHYS195 Peer Mentor Kevin Willis

My name is Kevin, and I am a microbiology major.

I hope to transfer to UCSD next year with plans for med school after that. For as long as I can remember, I have wanted to be a trauma surgeon. I had spent my high school years volunteering in the emergency room, and it only helped to amp up my excitement for the job.

I was born in Washington, but my family eventually found their way to Palm Springs, CA. There I went to school, played football, and was a big hitter in the theater department. During one play, I was heckled by B-list comedian Andy Dick. I still laugh about it.

This is my first year as a Peer Mentor, but I have always enjoyed helping people succeed! I can't wait to see you all and have a wonderful year.
