## UCSD Pre-Medical Conference

The UCSD School of Medicine is hosting a conference for pre-medical students on **October 23rd, 2022 from 9:30 am - 2:30 pm!** The goal of this half-day conference is to provide pre-medical students with a framework for the pre-medical process and/or application process and connect pre-medical students with medical students for advice and mentorship. All pre-medical students are welcome, whether you are a first-year college student looking to plan ahead or a nontraditional student preparing for the upcoming 2023 application cycle. The conference will include 2 hours of presentations given by UCSD School of Medicine faculty including information on the medical school curriculum, admissions, and health equity in medical school. Following the presentations, there will be a break for free lunch, and then hands-on workshops led by medical students focused on the various paths to medicine, the application process, and Q & A sessions. Students can switch between workshops and cater their experience to their individual needs. More information can be found on the registration form below.

Registration is free but spots are limited, so register as soon as possible by clicking this link: <https://forms.gle/9qbo668LjK85REev7>. Please register before October 19th, 2022 in order to attend. Feel free to email [UCSDPremedConference@gmail.com](mailto:UCSDPremedConference@gmail.com) with any questions you may have.
