- **Mission Statement:** *To support student success in their career and academic pathways through effective communication and partnerships between Continuing Education and Mesa College.*
- **Goals: add bridge**
 - Presentation to specific CE classes and/or groups:
 - DSPS Counselors from Mesa present to the Basic Education non-credit college prep class. This is a "bridge" course particularly for Deaf and Hard of Hearing students.
 - College Connections Presentations
 - Build a mainframe. Create a website as a communication bridge between CE and Colleges starting with Mesa (distinguish it from other websites, tailor to CE student population). Student Oriented website. One stop site:
 - **What should be on the website -**
 - Front and Center: Former CE student stories from other colleges, starting with Mesa "videos or written"
 - Links to other programs & student services at Mesa. To enable a quick route for students to apply to special programs such as DSPS.
 - Show students their career and transfer possibilities so that they are more motivated to see the transition.
 - Articulation programs at Mesa
 - **We want to meet with other colleges and hear what they are doing.**

III:CE Mesa Website Plan of Action:

COMMENTS	<p>Survey Feedback / Survey Distribution / Deadline to Submit Survey: May 20, 2021 -</p> <ul style="list-style-type: none"> ● Our workgroup had the opportunity to review the final draft of the CE Pathways survey. Dean Hensley shared w/faculty who put the finishing touches on the survey. The survey is now being distributed to students with the goal of learning more about CE student experiences and to ensure our website will help CE students as they transition to a credit institution. We are requesting students complete the survey by May 20. Here is the link to the survey: http://bit.ly/CEtoMesa <p>Curriculum -</p> <ul style="list-style-type: none"> ● Our workgroup discussed how infusing curriculum is essential to our mission. Add a portfolio of coursework so students can be exposed to the type of work they undertake while they transition to Mesa. Sharing faculty information so students can reach out and establish connections to Mesa. Helping students prepare better as they transition. Include info on Mesa's Articulation programs. <p>Credit by Exam -</p> <ul style="list-style-type: none"> ● Credit by Exam – Students can have an opportunity to earn college units and it takes about a semester to be processed. We want to include info on this opportunity on our CE Mesa website.
