

Mesa Pathways Fellows

Pathways Fellows

- Daniela D. Perez Padilla has finished her first year in the Student Affairs M.A. program and has obtained a Teaching Assistant position at SDSU for the Leadership minor
- Arleen changed her major to Business Administration.
- Logan has returned from everywhere! He's been serving in the National Guard.
- Lindy is in her last semester of her bachelor's program in business administration at SDSU.

Student Stories Videos

YouTube Video: <https://www.youtube.com/watch?v=ji3JMulupO4>

A video summarizing the students' response to "Did you have a clear sense of your major when you started?"

In progress: More videos summarizing students' responses to individual questions and a longer video with a compilation of every student response to all the questions

Mesa Pathways Fellows

Welcome Week

Welcome Week was a great experience! We were able to network in real life and learn about the places and activities that make Mesa so great.

Many students were interested in participating in our projects – sharing their stories and connecting with us on social media. 49 signed up to be on our “mailing” list. Students were asking about other services and centers like Veterans Success and FAST Scholars, as well, which we guided them to, creating connections along the way.

Overall, this event was a success. We had so many interactions with students, many who were happy to hear our whole story, who the Pathways Fellows are, and what we are doing to help the student experience.
