

Guided Majors and Mapping Work Group

Agenda for Friday, March 12, 2021 12:45-2:00 via Zoom

- I. Welcome and Introductions
- II. Approve Agenda
- III. Approve Minutes
- IV. Report on MPC Meeting
- V. Mesa Mixers for Spring 2021 (Start Reviewing the Results)
- VI. Program Maps
- VII. For the Good of the Order
- VIII. Adjourn

Next Meeting: Friday, March 26 12:30-2:00 via Zoom

Guided Majors and Mapping Work Group
Minutes for Friday, March 12, 2021 12:45-2:00 via Zoom

Present: Donna Cecil, Jocelyn De Santiago, Ian Duckles, Helen Greenbergs , Mary Gwin, Dina Miyoshi, Ryan Mongelluzzo, Alison Primosa, Cynthia Rico, Christina Sanchez Volatier, Nhi Vu

I. Welcome/Introductions: Meeting called to order at 12:45pm.

II. Approve Agenda

III. Report on March 10th MPC Meeting

1. Technology discussion:

- two platforms presented:

1) in-house by Joel/Jennifer K. 2) outside company (Project Success)

*overlap/duplication between the two

-both use Holland codes to determine interests/strengths; connections to careers

-Reported that Project Success software adopted for the financial literacy component at no cost for first three years and the Vita Navis was included as an added feature

-Joel was working on the othe platform through the onboarding workgroup

-Comment made that having two platforms may be confusing for students

-Reported that the need for communication pertaining to technology development/decisions was discussed and that MPC should be involved in these discussions

-No plan determined for dealing with the above technology situation

2. Two mixers (and probably a third) added for Classified professionals (focus on the informational presentation and jamboard activity but not the sorting activity)

IV. Mesa Mixers for Spring 2021

1. Reflection on last semester when workgroup first found out about the sorting activity event; subsequent meeting with Isabel and the workgroup's integration into the sorting activity/mixers

-The idea of the two different doors is moving forward and included in Mixers

-Need to make request to make sure it is included in the website discussions

-Because Pathways Fellows attend multiple work group and MPC meetings, they can bring this up to keep us in the loop about the website and bring info to/from MPC

-Important for our work group to be in the loop about what our constraints are and it was agreed that an email should be sent to address the above issues.

-This email needs to be specific in who we want to be involved in these conversations. Probably Jennifer Kearns and the Onboarding Workgroup, counseling, others?

- What is the chain of command in getting this info onto the website?

ACTIONS:

>>Ian will send an email to Isabel and Pathways Coordinators pertaining to the above issues/questions.

>>Ian will invite Isabel or a representative from MPC to our next work group meeting.

2. Reviewing Mixer results:

a. Goals framework (first door): Christina is meeting with Pathways Fellows on Mondays to poll students about the labels for the Student Goals

b. Pathways Fellows title suggestions (10 possible titles for meta-majors)

(Innovation & Technology, Health & Well-being, Creativity & Design, Social & Environmental Justice, Entrepreneur & Business, Plants & Animals (or maybe Flora & Fauna), Science & Math & Engineering, Education & Guidance, Industry & Service, Culture & History)

-Fellows focused on the above as combo between passions and careers

c. Also need to include an easy way to directly find the exact degree/certificate and not have to go through the groupings on the website

d. Shared google drive has the links to the jamboards from the mixer

-need to put together some final options to present to the campus

ACTIONS:

>>The Pathways Fellows jamboard will be added to the other jamboards to be presented at the remaining mixers

>>Look at the jamboards and get an idea of your impressions of these so we can figure out what to present to the campus community

V. Program Maps

-Miramar planning to purchase Program mapper

-may be helpful to disseminate info more widely and involve more people and voices in the discussion of what to do with these maps/how to display them on the website?

VI. Adjourned at 2pm.

Next Meeting: Friday, March 26 12:30-2:00 via Zoom
