

The UC Berkeley College of Engineering, the nation's highest-ranked public engineering program, is excited to introduce an exciting month of webinars for prospective transfer students! Registration is limited, so sign up today: [engineering.berkeley.edu/cc](https://engineering.berkeley.edu/cc).

## **Berkeley Engineering Overview & The Secrets to Transfer Admissions**

Tuesday, October 6, 4-5 p.m.

This webinar will share information about UC Berkeley's College of Engineering and provide an overview of the transfer admissions process for California Community College students.

## **Faculty Talk**

Tuesday, October 13, 4-5 p.m.

Don't miss this opportunity to hear from Matthew Sherburne, of the Materials Sciences and Engineering department. Dr. Sherburne will speak about his experience transferring from community college to UC Berkeley and ultimately pursuing his PhD. He will also share advice on making the most of campus opportunities, including participating in undergraduate research.

## **Transfer Student Panel**

Tuesday, October 20, 4-5 p.m.

Join us to hear from current engineering transfer students about their experiences on campus, including participating in classes, internships, research, etc. We will have time for participants to ask their own questions.

## **Finding Research Opportunities as a Community College Student**

Thursday, October 22, 4-5 p.m.

Undergraduate research opportunities are a great way to engage with a discipline in a hands-on way, contribute to the knowledge base, "try-on" graduate school, and enhance your transfer application. This session will provide an overview of the Transfer-to-Excellence Research Internship and introduce other ways to secure scientific research opportunities while enrolled in community college.

## **Department specific sessions are listed online**

### **Contact**

Nicole McIntyre  
Manager of transfer success initiatives
