IGETC 2022-2023

Intersegmental General Education Transfer Curriculum

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education pattern that fulfills all lower-division general education requirements at all California State University (CSU) campuses and most University of California (UC) campuses/majors. It is also accepted by some private/independent or out of state universities. IGETC is usually recommended for students who intend to transfer to a UC campus, or who are not yet sure of their intended transfer university. Completion of the IGETC pattern is not an admission requirement for transfer to most UC or CSU campuses, nor is it the only way to fulfill the lower division GE requirements of a UC or CSU campus prior to transfer. Please meet with a counselor and visit www.assist.org for the required major preparation coursework and grade point average.

This information is based on the 21-22 Mesa, City and Miramar catalogs. Consult the [SDCCD district website](#) for current catalogs and updates (including addenda and errata). Be advised some information can change with catalog updates during the year.

Certification: General Education Certification is a legal agreement between the UC or CSU systems and the California Community Colleges that permits a student to transfer from a community college to a UC or CSU campus without the need to complete additional lower division general education courses to satisfy university GE requirements after transfer. **Full or partial certification of IGETC is available. Please see a counselor for details.**

- Each course must have been IGETC approved at the time it was completed. Courses may be approved for more than one IGETC area. However, each course may be used to certify only one of the areas it is approved for.
- AP credit and coursework completed at accredited U.S. colleges and universities can be used to fulfill some IGETC requirements. All such credit must be evaluated through the Evaluations office. Foreign coursework is not acceptable.
- All courses must be passed with a "C" or higher. **"C-" is not acceptable.**
- Some UC campuses do not allow use of IGETC for students who were previously enrolled at a UC campus. Some community college courses have limitations on the amount of credit awarded by the receiving university.
- Students may be eligible for transfer upon completion of the applicable 60 transferable units which must include GE courses. The balance of courses may be preparation for major and/or electives. See a counselor for details.

IGETC may not be appropriate for some majors or schools at the UC. See the college catalog or the following website for details:
<http://admission.universityofcalifornia.edu/transfer/general-education-igetc/igetc/igetc-campus-guidance/index.html>

All Official Transcripts including College High School, AP, and IB test scores are required.

Advanced Placement Exams (AP) – acceptable scores of 3, 4, or 5 can be used to satisfy most of the courses in IGETC subject areas. Please see the college catalog and meet with a counselor for details. Please note, AP applicability listed on this sheet is for exams taken 2009 or later, consult the catalog for details on exams taken

International Baccalaureate Credit (IB) – some IB credit may be used to fulfill IGETC requirements. Please see the college catalog and meet with a counselor for details.

KEY: C = Completed; IP = In progress; R = Remaining
 * Course is listed in more than one area but cannot be certified in more than one area.
 + Transfer credit may be limited by either CSU or UC, or both. Please consult with a counselor for further information.
