April—May Issue

Things to Look For!

- The Transfer Center offers over 100 workshops and events during the Spring semester. Check out the Events page of our website to see how we can help you Transfer!!

- We have started our spring transfer class presentations, so ask your professor if one has been scheduled. If not, ask them to schedule one for your class.

- Don't forget to meet with a counselor and develop your education plan. It is not only a state requirement, but you need it to stay on track for your transfer goals!

- A great idea for those of you interested in signing honors contracts. Speak to your professor about having a transfer component in your assignments. It could be a presentation, or some in depth research related to transfer to share with the class.

This month's main story:

Now is the time to *prepare* for your applications to CSU and UC schools for Fall 2015. Applications are due by **November 30, 2014**. There are some wonderful planning tools for you to use. In **CSU Mentor** you can use the *Transfer Planner* to organize and keep track of your General Education transfer requirements. For **UC schools**, use the *Transfer Admission Planner*. This planner connects you to the UC TAG and UC Application pages. You can access these websites and many others by going to the Mesa College Transfer Center 'Links' page.

Transfer Myth:

There are no more TAGs! **WRONG!**

SDSU: Transfer Admission Guarantee program is available for certain majors.

UCSD: University Link program is available for first year students and foster youth!

UC TAG: There are six UC's that offer TAG, deadline to sign is September 30th.

Attend a Transfer Center workshop to learn about these Transfer Admission Guarantee (TAG) options!
