

Transfer Times

YOU NEED MORE THAN JUST GOOD GRADES TO TRANSFER!

Good grades are part of transferring, sure. But you also need to be aware of requirements, programs and deadlines. For instance (TAG) Transfer Admission Guarantees for the University of California, need to be submitted in September. You will probably need to rank the universities that you want to attend. This will help to make sure that if you don't get your first choice, you will still be able to transfer to a school you really want. The other important factor is that education is becoming more expensive, and admissions are tighter. The transfer center recommends that you apply to a few schools that you are interested in attending.
