

IGETC 2024-2025

Intersegmental General Education Transfer Curriculum

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education pattern that fulfills all lower-division general education requirements at all California State University (CSU) campuses and most University of California (UC) campuses/majors. It is also accepted by some private/independent or out of state universities. IGETC is usually recommended for students who intend to transfer to a UC campus, or who are not yet sure of their intended transfer university. Completion of the IGETC pattern is not an admission requirement for transfer to most UC or CSU campuses, nor is it the only way to fulfill the lower division GE requirements of a UC or CSU campus prior to transfer. Please meet with a counselor and/or visit assist.org for the required major preparation coursework and grade point average.

Be advised, information can change with catalog updates during the year. This information is based on the 24-25 Mesa, City and Miramar catalogs and assist.org updates. Consult the [SDCCD website](http://sdccd.edu) for current catalogs and updates (including addenda and/or errata) and assist.org.

Certification: General Education Certification is a legal agreement between the UC or CSU systems and the California Community Colleges that permits a student to transfer from a community college to a UC or CSU campus without the need to complete additional lower division general education courses to satisfy university GE requirements after transfer. **Full or partial certification of IGETC is available. Please see a counselor for details.**

- Each course must have been IGETC approved at the time it was completed. Courses may be approved for more than one IGETC area. However, each course may be used to certify only one of the areas it is approved for.
- AP credit and coursework completed at regionally accredited U.S. colleges and universities can be used to fulfill some IGETC requirements. All such credit must be evaluated through the Evaluations office. Foreign coursework is not acceptable. See catalog for details and limitations regarding AP/IB applicability.
- All courses must be passed with a "C" or higher. "C-" is not acceptable.
- Some UC campuses do not allow use of IGETC for students who were previously enrolled at a UC campus. Some community college courses have limitations on the amount of credit awarded by the receiving university.
- Students may be eligible for transfer upon completion of the applicable 60 transferable units which must include GE courses.
- Students that have more than 90 semester units should meet with a counselor.
- IGETC may not be appropriate for some majors or schools at UC campuses. See the college catalog or the following website for details: <http://admission.universityofcalifornia.edu/transfer/general-education-igetc/igetc/igetc-campus-guidance/index.html>
- All Official Transcripts including College High School, AP, and IB test scores are required.
